## 46 GRADUATES

Receive Their Diplomas for a Successful Completion of Twelve Years of School Work—Largest Class in History of the Maysville Institution of Learning.

Miss Mary Dorothy Lane, who won the first honor, by her superior ability and application comes from the Buckeye State. She had the privilege of delivering the valedictory of her class last evening.

Miss Margaret Morton Downing, the brilliant and beautiful second honor pupil, who delivered the salutatory last night at Commencement.

Last night marked the close of school life for 46 young men and young women, they today taking their first step into the world to fight their own battles and to conquer, winning the golden heights of success. Their future lies before them and it is to their advantage to seize the golden opportunities if they will wear a crown of fame.

Forty-six of the fairest young ladies and most handsome young men of Maysville and the surrounding country received diplomas from the hands of Mr. S. P. Browning, President of the Board of Education. This is the largest class ever graduated from the Maysville School and in many respects it was one of the best.

The commencement exercises last night held in the High School auditorium were exceptionally good and as an increased factor for their success they were very short. A large audience was present.

To the inspiring strains of Sousa's "Stars and Stripes Forever" the seniors entered the doors of the auditorium on each side and slowly wended their way to the platform. The line was headed by the first and second honor pupils, Miss Mary D. Lane and Miss Margaret Downing. The invocation was pronounced by the Rev. Dr. John Barbour.

No one of the six members of the class delivering orations can be singled as having acquitted him or herself with honor greater than another. Misses Margaret Downing, Mary D. Lane, Bess Parry and Frances Dixon Ball and Messrs. Howell Richardson and S. P. Browning, Jr., were the ones to so distinguish themselves.

The salutatory address, "Aviation and the War" delivered by Miss Margaret Downing, the second honor pupil, presented one of the most interesting phases of the great conflict now being waged on the battlefields of Europe. She also showed America's unpreparedness in aerial matters. Miss Downing as second honor pupil was accorded much applause.

Miss Mary D. Lane of Brown county, Ohio, the first honor pupil of the graduating class, gave the valedictorian address, "Honor in Public Service." Miss Lane explained that every citizen was in some phase of public service and if all did not have honor the millennium in good government could not be reached. Her farewell to the High School was a very fitting climax to her splendid address.

The following are the graduates this year: Louise Adair, Alta Adam, S. P. Browning, Jr., Frances Dixon Ball, Foster Barbour, Bess J. Bell, Norman Bowman, Loisetta Brodt, Edith Bryant, Harold Caplinger, Edith Chambers, Olivette Clonkey, Dimmett Corryell, Frances Dixon, Charles Downing, Mary D. Lane, Thelma Leonard, Margaret Liugenfelter, Ethel Lynch, Josephine Maler, Carroll Matthews, Agnes Murphy, Lillian Muse, Helen Nash, Helen Nauman, Bertie Newdigate, Stephen Owens, Lucile Parker, Bess Parry, Stanley Parker, Howell Richardson, Rita Ross, Gordon Smoot, Nellie Steele, Edna Stevens, Susan Thompson, Mary Boyd Tully, Marie Webster, Clarence Wood.

othy Hockaday, Phoebe Huron, Amy Ireland, Mary D. Lane, Thelma Leonard, Margaret Liugenfelter, Ethel Lynch, Josephine Maler, Carroll Matthews, Agnes Murphy, Lillian Muse, Helen Nash, Helen Nauman, Bertie Newdigate, Stephen Owens, Lucile Parker, Bess Parry, Stanley Parker, Howell Richardson, Rita Ross, Gordon Smoot, Nellie Steele, Edna Stevens, Susan Thompson, Mary Boyd Tully, Marie Webster, Clarence Wood.

The musical numbers of the program were very pleasing being given by the High School Orchestra, the Girls' Glee Club and the Senior Girls Quartet.

Following the presentation of the diplomas to the class, Superintendent W. J. Caplinger made special mention of Misses Thelma Leonard and Ethel Marie Lynch. These two young ladies had the enviable record of having attended school for ten years without having missed a day or been tardy.

At the close of the Commencement Exercises the seats were cleared from the floor and the annual Alumni Dance was held. A large crowd tripped the light fantastic until an early hour.

WHEELS are the life of a wagon. Hubs, spokes, felloes and tires of the best materials, put together by skilled workmen, go into every Studebaker.

What is the result? Mr. William H. Horton, of Nineveh, N. Y. writes that the tires on his thirty-six year old Studebaker farm wagon did not need resetting in thirty years—and the wagon was in use every day.

## AFTER THE WAR

Mr. George W. Perkins thinks that with the arrival of peace after the war will come a social and industrial struggle of unprecedented proportions, in which victory will go to the nation that has the highest ideals. He believes that for the twenty-five years immediately following the war humanity will progress at a pace unmatched in the history of the world.

"As I see it," he said in an address delivered to officer students of the Young Men's Christian Association in Brooklyn, "we, of this country, will be useful or useless in this war according to the promptness with which we can turn from the pursuit of money-making to the great fundamental questions that are today stirring the world." Freedom in Russia, class eradication in England, and the stirring of republicanism in Germany—all symptoms of what are considered the higher education of the world—will develop in this country, Mr. Perkins thinks, into a great readjustment in business, social and religious affairs.

Mr. Perkins explained in this connection that one of his reasons for favoring universal military service is his belief that it stimulates in the heart and mind of every lad a keen realization of his duty to his country, whether that duty be on the firing line in the war or in the war or in some humble position in the administration of affairs of his town, his State or his nation. "The present inefficient, unintelligent administration of public affairs that exists in this country today," he declares, "is largely due to the fact that business men generally have entirely neglected their public duties and have left them to Tom, Dick and Harry to discharge."

This is an optimistic view of the future, but if Mr. Perkins is right in believing that in the readjustment of affairs men will feel that by administering honestly and with a high sense of duty the affairs of each political office, small or large, they are serving their country not less manfully and usefully than by fighting her battles, the war will surely not have been in vain. In support of his belief as to a religious awakening may be noted the remarkable unanimity with which ministers of all religious beliefs are preaching patriotism and support of the war. They discern its moral issues and look beyond the mere military defeat of an enemy nation.

## LET HIS SLEEP

Into our window on a sweet, cool morning, came the vigorous words: "Get up there, Johnny, right off, or I'll come up there and spank you." The dear reader will recognize it as the voice of a fond mother, shouting upstairs to her young hopeful to stop his snoozing and get down to breakfast.

That is one of the crises of life, and one that inspires John with the idea that this world is a fleeting show of iniquities and vagaries. If he cannot sleep another half hour, the most precious period in his whole life. He hears the fateful words of his stentorian ma, and the immediate resolution to conform thereto, is stifled by a lovely vision of climbing a cherry tree, wading in the creek, or turning somersaults in the haymow, which vision is soon shattered by "whack, whack, whack," accompanied by sounds of grief from the said Johnny, who tumbles out of bed, hustles on his clothes, and descends to mix with the iniquities of life.

Oh, dear, sweet mother, why so cruel? Don't you love Johnny? Don't you want him to have the best time of his life? Then why roust him out of bed, when the sunrise is just tickling the morning glories and the songs of the birds suffuse his dreams? Let him sleep.

In this town, if we got together more, we would get more together.

The proper use of a hammer is to drive home a nail or a truth.

## RUSSIAN WAR MISSION REACHES PACIFIC PORT

Washington, June 13—The Russian mission to the United States, headed by Boris A. Bakimietoff as special ambassador, has landed at a Pacific port. The party, consisting of about forty members, will stop first at Seattle, Wash., and proceed at once to Washington.

Leaving Petrograd long before the arrival in that capital of the American mission headed by Elihu Root, the Russian embassy might not be supposed to represent the latest phase of political developments in Russia. But as a matter of fact, Prof. Bakimietoff has kept closely in touch by cable and wireless with the progress of events in Petrograd, and it can be stated that consequently the extraordinary embassy is in close and sympathetic relation with the powers now in control in the Russian capital.

## HIKE PROGRAM OF AIRCRAFT PRODUCTION IN U. S. SOON TO BE SUBMITTED TO CONGRESS

Washington, June 13—A program of aircraft production through which it is hoped to dominate the fighting lines of Europe within a year has been worked out by the aircraft production board of the defense council and will be submitted to Congress soon with a request for a large appropriation to carry it into effect. Howard Coffin, chairman of the board, said tonight that although details would not be revealed now, the plan was so comprehensive that he was sure Congress would approve it quickly. For weeks Mr. Coffin has been in conference with the country's leading aircraft and material makers and the plan he will submit is believed to have the approval of all the interests which will do the actual construction work.

We may as well realize now," said Mr. Coffin, in a formal statement, "that the domination of the war will in all probability prove the deciding

factor. Military authorities of all the allied nations are agreed that unless the Allies can secure a preponderance of aircraft the war probably will drag on for many years.

"In the present struggle between Germany and the Allies the fight for supremacy in the air is practically even; they are constantly struggling for the advantage. This is America's one chance for turning the scale next year. To do it we must be prepared to spend not a few millions, but hundreds of millions of dollars."

## WORK THAT TELLS

Plenty of It Has Been Done Right Here in Maysville.

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Maysville sufferer longer doubt the evidence?

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

**RESULTS THAT REMAIN**  
OVER FOUR YEARS LATER, on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent." Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Gallenstein has twice publicly recommended—the remedy backed by home testimony. 50c all stores. ## U. S. STEEL BUYS MORE BONDS; DECLARES DIVIDENDS

New York, June 13.—In addition to subscribing \$25,000,000 more to the Liberty Loan bonds, bringing its total subscription up to \$50,000,000, the United States Steel Corporation today declared an extra dividend of 1 per cent. on the common stock to gold bricks.

enable stockholders to contribute to the \$100,000,000 fund, which is being raised by the American National Red Cross for army purposes. If all the Steel Corporation's common stockholders contribute their 1 per cent. dividend the Red Cross will realize about \$5,500,000.

The dividend action was taken it was explained by Chairman Gary, at the request of many stockholders, and the dividend checks will be sent with a statement of the circumstance which influenced the action of the Board of Directors. He said, however, that "the disposition of the dividend will be left entirely with the stockholders in accordance with their interest and patriotic instincts."

Chairman Gary announced that a still further subscription to the Liberty loan might be made "if it should seem necessary in order to dispose of the total amount of bonds to be placed by the Government within the period ending next Friday."

The Board of Directors also took action today in respect to the regular quarterly dividend due to be declared on the last Tuesday of July, adopting a resolution that it was the sense of the board that an extra dividend of 3 per cent. on the common stock be declared on that date in addition to the regular 1 1/4 per cent. on that issue and the 1 1/4 per cent. on the preferred. The 3 per cent. extra dividend will be the same as was declared for the previous quarter.

You never can tell. Lots of people who marry for money are investing in gold bricks.

## \$1,000,000,000 BUDGET BILL GOES TO PRESIDENT

Washington, June 13.—The \$3,000,000,000 war budget finally got over the last obstacle in Congress today and went to President Wilson for his signature, which will make it law.

It carries the greatest sum ever voted at one time by this legislative body. Its amount is greater than the total cost of the Civil War.

The budget provides principally for army and navy expenditures. Aside from that feature its most important single provision is an appropriation of \$750,000,000 for an American merchant marine, to be constructed by the shipping board under the direction of Major General Goethals. At the last moment there was a question in the Senate over whether the language which placed General Goethals in charge of the work had been sufficiently definite so he could not be forced out of office without consulting Congress. It was explained that although the House had changed the Senate language in that regard, it was satisfactory to General Goethals.

## REGISTRATION IN 39 STATES IS 92 PER CENT OF ESTIMATE

Washington, June 13.—Thirty-nine states and the District of Columbia, which had reported their war registration returns tonight when the provost marshal general's office closed, showed an enrollment of 7,776,434, or more than 92 per cent. of the census estimate of 8,413,852 eligibles.

Of the total registered 5,903,086 are white, 888,240 colored, 891,079 aliens and 94,028 alien enemies. The total indicated exemptions are 4,201,869.

If the remaining nine states should maintain the average of more than 92 per cent, the total registration would exceed 9,500,000.

It was officially explained tonight that was original census estimate of eligibles was 10,078,000 and that the figures, 10,298,000, on which all comparison has been based, was the result of furnishing liberal allotments of registration cards to cities, particularly those in which industrial plants are located.

## JAPS INCENSED OVER AMERICAN NOTE TO CHINA

Tokio, (Delayed).—The American government's note to China expressing regret over the dissension in that country and a sincere desire that tranquility and political co-ordination be worthwh established, caused surprise and unfavorable criticism in Japan where the action is regarded as ignoring Japan's special position in China. The feeling as expressed in political circles is that the situation would have been better treated by first exchanging views with the Entente and especially Japan, which is described as rigidly adhering to a policy of non-interference in Chinese domestic affairs.

The newspapers called the action of the United States glaring interference and warned the government that it is probably an epoch-making precursor of further activities.

## PRODUCE, CONSERVE

Department of Food Conservation of W. N. L. S.

**Storing The June Butter**  
June, the month of most abundant and succulent pasturage, is the time when butter is of the finest quality and lowest price. Every woman who is so fortunate as to possess a storage room of low temperature should pack a supply now for winter use. For packing, butter should be of the best quality, must never be allowed to become heated, must be washed in pure, cold water, until free from every particle of milk, thoroughly drained and worked and salted with the best grade of dairy salt. It need not all be of one churning, but should be as fresh as possible, and be kept at uniform temperature.

Do not use the so-called butter pails, they are porous. A glazed earthen jar, gallon size, is best; and it must be absolutely sweet and sterile. Line with a square of cheese cloth which has been dipped into a very strong brine and allowed to dry. Pack the butter firmly, filling to within two inches of the top. Cover with a piece of sterilized cheese cloth, and fill to the top with salt, pressing down firmly. Cover and allow to remain undisturbed until cold weather. Butter packed in this way will keep in perfect condition until next spring.

## WHO WROTE "OLD MOTHER HUBBARD?"

Probably very few people could say who wrote the famous "Mother Hubbard" lines, and fewer still know where the writer is buried. The author was Sarah Catherine Martin, and she was buried at Loughton, in Essex, Miss Martin was born in January, 1768, and was about 37 years of age when she wrote the story of the old lady and her dog. Tradition says the original "Old Mother Hubbard" was the housekeeper at Kitley Hall, Yealmington, the residence of Miss Martin's married sister. At any rate, it was when on a visit to her sister at Kitley that the famous rhyme was penned. The original publication is still at Kitley, and a cupboard is pointed out as being "the" cupboard.

## HOW ONE LIVES AT KAVANAUGH

At this time when every one is stirred with stories of military life, it will be interesting to know that at Kavanaugh Camp a bugle call announces rising time, meals, recreation, all meetings, in fact everything. Then besides there will be a class in First Aid work, where any who desire may be instructed by a competent doctor in the essentials of rendering service to the wounded soldiers. Dr. Ethel Polk is just back from China, where she has had a large practice and has done a great work. Kavanaugh is a training camp for life, where one is drilled by competent officers of experience in life, "how to live."

The indictment was brought about by County Attorney Earl W. Senff and will be vigorously prosecuted.

## TO INCREASE TRADE AREA

Maysville Merchants Asked to Meet at Chamber of Commerce This Afternoon to Formulate Plans.

At a meeting of the Trade Extension Division, composed of Messrs. W. H. Key, W. D. Quantance and Frank L. Hendrickson, of the Chamber of Commerce several days ago, the matter of developing the trade area of Maysville was discussed thoroughly. Special consideration was given to the plans which have proven successful in increasing the volume of local business in other communities, and in order to formulate a plan which would get the best results and develop the general business trade area of Maysville. It was decided that all of the merchants in the Chamber of Commerce should get together for a discussion of this matter and make a general plan which would increase the business of all the merchants in the city.

Accordingly, Secretary Grimley has called a meeting of the merchants in that organization for this afternoon at four o'clock at the Chamber of Commerce, at which all of the merchants are requested to be present when a plan will be formulated for the purpose of intensifying and increasing the trade area of Maysville.

Maysville merchants offer a complete line of goods at reasonable prices and they should be patronized by not only every citizen of Maysville but all of the people for miles around. How to bring the facts before the people and how to secure and hold the trade which the goods, prices and service of our merchants deserve, in such a manner as to increase the general business of the city, is the matter to be discussed this afternoon.

The meeting will start promptly at four o'clock and every merchant who is willing to cooperate with the other merchants in Maysville in increasing the trade of the town is urgently requested, by the Trade Extension Division, to be present.

## YOUR PATRIOTIC DUTY

BUY A LIBERTY BOND

Danger for the complete success of the Liberty Loan lurks in over-confidence.

The announcements in the press of large applications by institutions and men of great wealth are apt to engender the comfortable feeling that all will be well without the efforts of the small subscribers. This line of thought together with the idea that through over-subscription—minor allotments may not be made, must be dispelled from the mind of every patriotic citizen.

It is not sufficient that this issue should be merely a bare success. It must be a striking demonstration of the overwhelming strength of purpose animating all sincere friends of Liberty to bring the war to a speedy and successful termination.

The eyes of the enemy are watching this preliminary skirmish and our victory must be made effective by a truly popular subscription exceeding MANY TIMES the amount offered.

It behooves every INDIVIDUAL to let his action be entirely guarded by the conviction that upon HIS UT-MOST PERSONAL EFFORT depends the only result worthy of the great cause which all free men desire and INTEND to make triumphant. Hesitation as to the importance of the amount available should not be allowed to prevail. The Bonds are in denominations as low as \$50, and all purchasers of one of these will contribute their quota towards swelling the volume of subscriptions.

No thought of the detail work attendant upon subscribing to the loan need deter. We will — as we have already stated — attend to that free of any charge. All that is necessary is that we receive notification of the amount desired.
